

Christian Service Form

Dear GCS Parents and Students,

Students are required to complete **two hours of service per quarter** and fill out this form reporting the terms of their service. It is encouraged that students seek out opportunities outside of their own home to serve others in some capacity without collecting any sort of compensation. This could include many things such as volunteering in a ministry at their church, helping a neighbor in need, volunteering with family at a food bank, or participating in any school or church sponsored service activities. Once the student has served for at least two hours they must fill their service form out and **get it signed by the supervisor** of that particular service project. The parent may only sign the service form if they were the direct supervisor and organizer of the service opportunity. If a student serves for more than two hours, it does not count for the next quarter. Once the form is completed it may be turned into the student's Bible teacher. This assignment is worth 50 points and is due on the date communicated by their teacher at the end of each quarter. Lastly, all service hours will be reflected on the report card as a record for transfer.

The intent of this service requirement as a part of the Bible curriculum is to foster a service driven heart and love for others in our students throughout the course of the year. If there are any questions about this requirement please e-mail your Bible teacher. Forms will be held on the website and teacher pages through Ren-Web.

In Christ,
